\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**MUST INCLUDE THE FOLLOWING INFORMATION  
WITH YOUR APPLICATION**

1. Roof diagram indicating where any slit samples were taken, ponding areas, and any potential problem areas.
2. Slit samples (from foam roofs), taken from thinnest mil areas on the roof.
3. Photos of roof, overall and of detail areas.
4. Payment for Warranty – see Warranty Policy for fee schedule.

*National Coatings requires that contractors applying for a Full System (labor and materials) Warranty agree to provide National Coatings with free-of-charge labor needed to address any warranty claims during the first half of the warranty period.*

I hereby certify that the information reported herein is complete and correct, and that the application was completed in accordance with National Coatings' minimum specifications (attached) for the type of system applied and the length of warranty requested. Any additions and/or corrections needed for specification compliance are attached and will be completed within 30 days.
